In step “04 Transportation” we offer the booking of taxi transfers from and to the two international airports in Cyprus.

With each booking you are hiring a car, not a seat in that car. This means that you can pay for a transfer and ask a maximum of two other people to share that transfer with no additional cost. You need to inform us of the names of your one or two friends who will be sharing the transfer by stating so in the notes on page “06 Notes” of the registration process.

If other participants who booked a transfer arrive at the same time as you, we may arrange for them to share your taxi. If we do this each paying participant will receive a 30% refund of the transfer fare they paid after the Summer School.

If you do not want to share your transfer with other participants, please indicate this by ticking the box at the bottom of this page.

If you book this service, make sure that you enter your flight details in this registration process and your mobile (cell) phone number in your personal details in your account.
