Please note that the software provides participants with the possibility to complete the registration process in steps/periodically; participants may register for the conference and return later to book further services like accommodation, taxi transfers, etc (subject to availability). The system will accept unlimited changes/updates up to the closing of the online registration process before the start of the conference.

Registration Process

Our registration process consists of few easy steps:

- 1** Get an Account
To be able to register for conferences, you will need to open an account with us. If you already have one, please log in.
- 2** Fill in the Form
Select the conference and glide through sections offered by the system. Your order is automatically saved.
- 3** Choose Payment Options
To complete the registration, select one of the payment options.

The registration link we have on the Summer School's webpage will lead you to this page.

At this point you have entered the registration platform as a guest.

If you have yet to sign up to the registration platform you will need to click on the **“sign up”** tab to begin your sign-up process.

If you have previously signed up for our registration platform you will need to click on the **“go to the registration form now”** to start your registration process for the first time or to revisit your registration to make changes or additions.

sign up now

Once you click on the “**sign up**” button you will be transferred to the sign up page. The sign-up process can be completed in just this one page.

Please note that mandatory fields are marked with an asterisk (*).

Make sure you record your personal details correctly. The information you enter here will be used to produce your Summer School name badge, your certificate of attendance etc.

If you are planning to book a taxi transfer or to hire a car through the registration platform then make sure you record a mobile (cell) phone number. We may need to communicate with you the day of your arrival or departure if there is a delay of your flight, if the taxi driver does not connect with you etc.

Clicking on the “**sign up now**” button will save the account you created. You will however need to activate this account by following the steps in an “account activation” email we will send you. This may take a few minutes to arrive to your registered email address. If you still do not receive it after 15min, please check your spam or junk folders.

If you still cannot find the email we send you, or face any other issues please email us at info@easyconferences.eu and we will be happy to activate your account for you from our end or assist you with your sign-up process.

You may change your personal details at any time as long as you are logged in but not your email address. This is critical to your specific account.
